

The Inheritance Law Translation Course

The Inheritance Law Translation Course ('ILTC') is a new Dutch-English translation course in the field of inheritance law. It consists of an introductory session of 2 hours and 5 sessions of 3½ hours and is aimed, on the one hand, at increasing the student's insight into and knowledge of this area of law and, on the other hand, at translating texts in the field of inheritance law.

The course can also be taken in writing, i.e. by email correspondence. The correspondence course has the same programme as the regular course (except that there is no introductory session).

Learning objectives

The course focuses, first and foremost, on increasing the student's general knowledge of this area of law, as it enables the student to solve the problems he or she faces in practice far more quickly. In addition, the student becomes acquainted with a large number of documents relating to inheritance law, for example a large number of wills, certificates of succession, living wills, a power of attorney, an inheritance tax return, an article about the Postma case, documents relating to private international law, various documents relating to inheritance law disputes, et cetera.

In this way the student learns the relevant terminology and 'standard phrases'.

It also gives an overview of the reference works and other sources of information available to the translator.

Target group

The course is aimed in particular at interpreters and translators who want to work for civil-law notaries and lawyers specializing in inheritance law and who, in view of the strict requirements of translation practice, want to increase and improve their knowledge and translation techniques in this field.

Where and when

The regular course is organized only on request, if at least 3 participants apply together. In that case, the dates can be set by mutual agreement. The vacation schedule of the North Netherlands region is observed.

The correspondence course can be started at any time (with the proviso that the vacation schedule of the region of the Northern Netherlands is observed). The starting date of the written course is the first Thursday (which is not a vacation period) after completion of the paperwork formalities (submission and receipt of the enrolment form, transfer and receipt of the enrolment fee, confirmation of enrolment and transfer/receipt of the course fee).

In the correspondence course, the student must submit the theoretical and translation assignments by email. The next week they will be returned with comments and suggestions. Any additional questions may also be submitted by email. The model translations and other teaching materials are sent to the distance learner by email. Those who wish to enrol for the correspondence version must indicate this on the enrolment form under 'name of the course'.

As far as the pace of the course is concerned: precisely because many 'distance students' have busy work elsewhere, a structure has been chosen in which the student can determine his or her own pace if he or she so wishes. This means that it is not a problem if the student does not manage to submit an assignment every week. An extension is permitted. However, the rule is that the course programme (5 assignments) must in any case be completed within 15 weeks (excluding vacation periods). If the programme is not completed within these 15 weeks, the remainder of the course may be completed upon payment of an additional fee, to be calculated on a pro rata basis.

Certificate & PE points

There is no examination attached to the course; the successful student receives a certificate and (if applicable to the relevant student) a statement for the award of PE points by the Bureau WBTV.

The regular course qualifies for 57 PE points. The correspondence course qualifies for 35 PE points.

Course fee

The regular course costs EUR 550. The correspondence course costs EUR 400 and is subject to the same enrolment and payment conditions as the regular course. Those who wish to enrol for the correspondence course must indicate this on the enrolment form with the 'name of the course'.

The course fee includes the study material to be provided during the course; textbooks will be at the student's expense.

Enrolment

For the regular course, you may contact Chris P. Odijk (cpodijk@outlook.com) by email. You can enrol for the correspondence course at any time (on the understanding that the vacation schedule of the Northern Netherlands region is observed) by returning the completed enrolment form and transferring the EUR 50 enrolment fee.

You can enrol for the correspondence course at any time (with the proviso that the vacation schedule for the region of the Northern Netherlands region is observed).
