

Enrolment for the Legal Translation Introduction Workshop

After reading the [General Terms and Conditions for the Shorter Courses and Workshops](#) for the shorter specialization courses and workshops (in the online or email correspondence form) and printing out and completing the [Enrolment Form](#), you can send it to the address indicated on the form. You can also scan the form and send an email to the email address indicated on the form. At the same time, you must transfer the enrolment fee of EUR 50 to one of the accounts mentioned on the form. (This fee will be deducted from the course fee.)

After submission of the form and payment of the enrolment fee, the prospective student will receive an acknowledgement of receipt by email; the invoice for the remaining course fee will be sent separately.

If desired, an appointment can be made for a personal interview.

If there are insufficient participants for the online course, it is possible that this course will not go ahead; in that case, any course fees paid (including enrolment fees) will be refunded
